

EMPLOYMENT AND TENANT BACKGROUND CHECKS

### News from the Washington Landlord Association

#### I-2066 Makes History II Eligible to Be on November 5 Ballot

#### Initiative 2066 Makes History!

Please see the below update from Building Industry Association of Washington (BIAW) on the Natural Gas Ban Initiative, I-2066, for the November 2024 election. This initiative ensures that gas utilities will keep providing natural gas to folks who want it.

I-2066, made history by collecting 546,002 signatures, turned in the most for any initiative in over 50 years and the second highest total in state history!

The initiative will be on the November 5, 2024, ballot. Thank you for everyone that helped in getting signatures onto this important initiative.

Now we need to get the word out to VOTE YES on I-2066!

You can get information on Initiative I-2066 at [Lets Go Washington](https://letsgowashington.com).

#### *Building Industry Association of Washington...*

**In case you were enjoying yourself and missed the news, on Friday, the Initiative 2066 campaign made Washington state history! With the final drop of signatures we turned in at the Secretary of State's Office late Friday afternoon, I-2066, collecting 546,002 signatures, turned in the most for any initiative in over 50 years and the second highest total in state history!**

And this amazing accomplishment was **achieved in just 50 days – seven weeks!**

**Once again, I can't thank all of you enough for the cooperation and support you all contributed to the effort, from funding, petition distribution, promotion, collecting signatures within your organizations and so much more!** This truly has been a collaborative effort that has included everyone in our coalition, business trade associations, labor, individual business owners – and thousands of volunteers! In fact, volunteers alone collected nearly 200,000 signatures – five times what we anticipated. The passion, motivation and engagement we experienced from members of the public was simply astounding!

Together, we not only achieved history, **we sent a strong message** that Washington residents want to keep natural gas service and protect energy choice!

Thanks again for all you have done. We are regrouping this week to organize the “Yes of I-2066” campaign. We’ll be back in touch very soon to share those details.
